

WILSON HAS NOT REACHED DECISION

Telegraphs Tumulty He
Will Lay Entire Subject
Before Cabinet

SETS RUMORS AT REST

Message Indicates President
Has Not Made Up His Mind
on the German Reply

REGARD SITUATION AS GRAVE

WASHINGTON, July 13.—The first official announcement of the immediate plans of President Wilson dealing with the situation that has arisen between Germany and the United States came tonight in a telegram from Cornish, N. H., to Secretary Tumulty, stating that the president would return to Washington soon to lay the entire subject before his cabinet. It indicated that the president had not yet arrived at a decision as to the policy of the government.

White House Statement

The White House statement was as follows: "Referring to statements appearing in certain morning newspapers with reference to the attitude of the president toward the reply of the German government, Secretary Tumulty tonight gave out the following telegram which he had received from the president:

"Please say that from the moment of the arrival of the official text of the German note I have given the matter the closest attention, keeping constantly in touch with the secretary of state and with every source that would throw light on the situation; that so soon as the secretary of state and I have both maturely considered the situation I shall go to Washington to get into personal conference with him and with the cabinet and that there will be as prompt an announcement as possible of the purposes of the government."

Sets Stories at Rest. The statement sets at rest stories that the president already had made up his mind on the German reply and that he did not view the situation as seriously as did high officials in Washington. Word from Cornish was sought by officials here it is understood, as a result of the spread of varying interpretations of reports from Cornish of the executive's intentions.

Official opinion here continued to regard the situation as grave. Secretary Lansing and other members of the cabinet who are here hold this view, but are giving no intimation of how they think the problem should be dealt with. Mr. Lansing and his assistants have been canvassing the entire field of law and policy presented by the German note and the president already had received some of the memoranda bearing on important points.

Expect Wilson Last of Week. Tonight's statement from the White House made it apparent that the president has definitely abandoned the idea of summoning Mr. Lansing to the summer capital. This program conforms to the secretary's desire to study the problem seriously and form his own conclusions before exchanging views with the president. It is assumed, however, that Mr. Wilson will return here the last of the week and that the subject will be laid before the cabinet next Tuesday.

Emphasis has been laid in official quarters on the fact that the issues involved are of such seriousness and importance that consideration for a week or more of the kind of reply that should be made ought not to be construed as meaning that the necessity for a firm definition of American policy was underestimated.

Believe Critical Point Has Arrived. So far as can be gathered here, the president will find his advisers practically unanimous in the belief that the critical point in the correspondence with Germany over submarine warfare has arrived, and that if the American government is not to recede from its previously announced position on the principles involved, the next move must convey more or less pointedly the purposes of the United States in the event of further violations of American rights in the war zone.

OFFICER DIES FROM WOUND INFLICTED BY A TEAMSTER

MT. VERNON, Ill., July 13.—Chief of Police Robert Hill of Sesser, Ill., died at a hospital here today from a fractured skull, said to have been inflicted by a teamster who was driving a wagon load of hay through Sesser, a "dry" town. The teamster, who gave his name as Campbell, was captured by citizens after a short chase and placed in jail.

Hill, it was said, demanded that the teamster allow him to inspect the contents of the wagon, whereupon the teamster struck Hill over the head with a club.

VERDICT IN THAW CASE IS EXPECTED TODAY

STATE RESTS—NO OTHER WITNESSES WILL BE CALLED

Dr. Flint Tells Court Thaw Tried to Hypnotize Him—Superintendent of Matteawan Declares Thaw is Insane.

New York, July 13.—The state rested late today in the sanity trial of Harry K. Thaw, the jury's verdict in which, if approved by Judge Hendrick, will determine whether the slayer of Stanford White shall be returned to Matteawan or his liberty restored. The case will reach the jury tomorrow and a verdict returned probably during the afternoon. After the announcement by Deputy Attorney General Cook that the people's case had been closed John B. Stanchfield, chief counsel for Thaw, stated to the court that he would require about fifteen minutes for reading at the opening session tomorrow morning. No other witnesses he said would be called. A new angle as to the mental caliber of Thaw was given Dr. Austin Flint, an alienist, who resumed the stand today.

Says Thaw Tried Hypnotism. Dr. Flint told the court that Thaw had attempted to hypnotize him. Judge Hendrick regarded the alienist's statement with interest. He asked if he really believed Thaw was trying to hypnotize him. With great emphasis Dr. Flint repeated his statement, declaring Thaw had stared at him for fifteen minutes. The court's gavel was used vigorously to restore quiet.

The other witnesses today were Dr. Amos T. Baker, assistant superintendent of Matteawan, and Dr. Raymond F. C. Kiehl, the physician at that institution while Thaw was confined there. Dr. Baker testified he had examined Thaw on several occasions, had examined his will and codicil and that from these he had come to the conclusion that he was insane.

Declares Thaw is Insane. "Can you state with reasonable certainty whether at the present time Thaw is sane or insane?" asked Deputy Attorney General Becker. "He is insane," the witness replied.

Dr. Baker admitted he observed no signs of insanity in Thaw during the present trial except that while on the witness stand he had persisted in answering questions after objections had been raised by his counsel. This testimony, he added, was indicative of bad judgment. The witness said he thought Thaw was suffering from constitutional inferiority with a paranoid trend. Judge Hendrick at this point demanded to know how it was that the people put on the stand an alienist who disagreed as to the mental condition of Thaw.

"I think I can explain this," said Mr. Becker. "If a man has a high fever everyone knows he is sick, but the doctors may disagree as to the reason."

HOLD FIRST OF THREE SERVICES FOR ARCHBISHOP QUIGLEY

Church Dignitaries From All Parts
of the United States and Mexico
Witness Ceremony in Holy Name
Cathedral.

Chicago, July 13.—The first of three impressive funeral services over the body of Archbishop James E. Quigley, who died in Rochester, N. Y., on Saturday, was held today in the Holy Name cathedral. Among the throng which witnessed the ceremony were church dignitaries from all parts of the United States and from Mexico.

Pontifical high mass was said by Bishop A. J. McGivick, while more than 400 archbishops, bishops and priests assisted within the cathedral.

Other thousands watched the funeral cortege as it passed through the streets.

Bishop Paul P. Rhode preached a sermon, paying high tribute to the work of the archbishop in the Chicago archdiocese.

Tomorrow will be given over to prayers in all the churches. The body will lie in state in Holy Name cathedral. The final funeral services will be held at 10 o'clock Thursday morning. Interment will be in the Catholic mausoleum at Mount Carmel.

LAYS DEPRECIATION TO MANIA FOR SPEED

Chicago, July 13.—Depreciation of railway equipment was laid to the mania of the American public for speed today by C. W. Millman, accountant for the protesting state commissioners, who occupied the stand before Examiner Thurlell of the interstate commerce commission.

Hillman presented figures dealing with the separation of freight and passenger expenses in an effort to prove the whole cost of hauling passenger.

ARRANGE GREAT CEREMONY

Paris, July 13.—A great ceremony has been arranged for tomorrow when the body of Claude Joseph Rouget de Lisle the French captain who composed the "Marseillaise" will be transferred from its present resting place at Champs Elysees to the Hotel Des Invalides.

DANIEL'S PLAN IS WIDELY DISCUSSED

Selection of Edison as
Head of Board Meets
With Approval

MUST WORK OUT DETAILS

Naval Secretary Prepares To
Invite Other Inventors and
Experts To Join In Work

OVERLOOKS NO SUGGESTIONS

WASHINGTON, July 13.—Mobilization of the inventive genius of the country to aid in working out naval problems as proposed by Secretary Daniels was widely discussed today by officials of both the army and navy and the selection of Thomas A. Edison as head of the civilian advisory board, met with unanimous approval.

Prepares to Invite Others. Mr. Edison, having consented to take up the task presented to him as a patriotic duty, Secretary Daniels now is preparing to invite others among noted inventors and technical experts to join in the work. He would not say yes or no to a dozen names suggested to him, declaring he would make known the other members of the advisory board only after their acceptances had been received.

"As I stated in my letter to Mr. Edison," said the secretary in a statement issued tonight, "I am not as yet prepared to announce the full details of the plan; these must be worked out in conference with the various bureaus and the details perfected so as to insure successful operation. An informal conference with the chiefs of the bureaus of ordnance, steam engineering and construction and repair was held this morning and I expect to be able to announce the organization in a more definite way in a very short time. The country does not know of the far reaching and experimental work done by Admirals Griffin, Strauss and Taylor. They and their assistants have for months been studying every new development brought out by the war in Europe, and already they have contributed to increased naval efficiency. They will be given additional experts to carry on the development work they have been doing with ability and success.

"The selection of the members of the advisory committee requires careful thought, but I hope to announce them shortly.

"With Mr. Edison so willing and cheerfully responding to my request, I feel sure that the advisory council, when the names are all selected, will be composed of men of such prominence as to make the country feel that what is possible for the human mind to devise will be devised for our navy. By the creation of this machinery no suggestion will be overlooked. Ideas impracticable in their details but which contain the germ of possible revolutionary improvement will be scrutinized both by our own naval experts and by men whose brains are peculiarly fitted for detecting possibilities in suggestions of this kind."

Attention was called today to an act of congress prohibiting the acceptance by the government of voluntary services. As there is no provision for remuneration for the proposed board, it was suggested that law might prove an obstacle and require a specific authorization by congress.

Mr. Daniels said he had not examined the law, but he thought it would be possible to avoid conflict with it. "I can ask advice of whom I please," he said. "It is not necessary there should be definite and legal organization."

BURLESON INCREASES SIZE LIMIT OF PARCEL POST PACKAGES

New Regulation Will Permit Mailing
of Standard Size Fruit and
Berry Crates.

Washington, July 13.—Postmaster General Burleson today ordered the size limit of packages for parcel post shipment be increased to combined length and girth of 84 inches, which will permit the mailing of standard sized fruit and berry crates. The only limit was 72 inches length and girth, and there has been a widespread demand for its increase. The postmaster general also authorized the establishment of a receipt system for parcel post packages similar to that employed by express companies.

"The new regulation," says a department statement, "provides that on payment of one cent, the postmaster at the mailing office may give the sender of an ordinary parcel of fourth class mail a receipt therefore. A postage stamp to cover the charge for the receipt will be affixed to the parcel, and the name and address of the addressee shall be written in the receipt by the sender."

War News Summarized

A check to the army of the German crown prince in the Argonne forest and the forced retirement of the Germans in the face of an energetic counter-attack by the French is told in the latest French official communication. The Germans, it is asserted, had attacked with very heavy forces from the road between Binerville and Vienne Le Chateau, as far as the region of Haute Chavauche, after a preliminary bombardment of a violent character in which asphyxiating shells were used. The French line bent at several places under the vicious attack, but a counter-attack stopped the Teutons and compelled their retirement.

Little fighting is going on along the eastern front and in the Italian war zone. Nowhere in either of these theatres has there been an engagement of a sanguinary character and changes of importance in battle lines are claimed by any of the war chancelleries.

Two momentous announcements have been made by the British government. The first is that Great Britain's latest war loan has met with great success, the subscriptions amounting to nearly \$3,000,000,000. The second is that the munitions of war act will be applied to the coal mining industry, making it an offense for the miners, who have threatened to strike, owing to a disagreement with the operators over wages, to leave the mines.

HOPES OF TWENTY-THREE CONVICTS CENTER IN PARDON BOARD SESSION

Twelve of the Prisoners are Serving
Long Terms for Murder—Takes
Five Cases Under Advisement.

Springfield, Ill., July 13.—The hopes of twenty-three convicts yearning for freedom from Illinois penal institutions, are centered in the quarterly session, which began today, of the state board of pardons.

Twelve of the prisoners are serving long terms for murder, but none of them have such long sentences staring them in the face as does Fred Mink of Pike County, Illinois, who was given a pardon at the April session of the board.

Mink was served in 1903 to serve 99 years and also to serve a life sentence, the sentence, not to run concurrently. These sentences were passed by Judge Harry Higby after Mink had pleaded guilty to slaying his step mother and a neighbor in what was described, in court, as a fit of jealousy.

The following cases are on the docket today for hearing during the session:

Miles N. Bell, Williams County, murder; Leslie Bowlin, Franklin County, murder; George Durden, Pulaski County, murder; Vaughn Jackson, Massac County, murder; E. F. Knight, Jr., Perry County, murder; Bedford M. Neal, Macoupin County, rape; Philander Peltzman, Pike County, murder; Harvey Austin Six, Peoria County, conspiracy to obtain money by false pretense; Mary J. Terrell, Montgomery County, murder; Ebert Taylor, Sangamon County, rape; Frank Whelan, Montgomery County, burglary and larceny.

The following cases are from Cook County: Marguerite Fitzpatrick, vagrancy; George Walter Barnes, murder; Louise Jackson, murder; William Krueger, petit larceny; Shorty McCoy, selling heroin; Fred Hrodek, murder; Charles Graves, murder; Robert Kotrbka, murder; Moses McCarthy, rape and Joseph Trestik, murder.

The board took the following case under advisement:

Miles N. Bell, Williams County, murder; Marlin Parker, Wayne County, rape; Frank Waelan, Montgomery County, burglary and larceny; Sidney Baker, St. Clair County, murder; George Durden, Pulaski County, murder.

ENTIRE VILLAGES ARE WIRED OUT BY FLOODS IN CHINESE PROVINCES

Thousands of Natives are Drowned
Along West River in Kwangsi—
Shameen Quarter of Canton Under Water.

Hong Kong, China, July 13.—The floods raging in the provinces of Kwangtung, Kwangsi and Kiangsi are unprecedented. Entire villages on the West river in Kwangsi have been wiped out by the rushing waters and thousands of natives drowned.

The West, Fu and North rivers are greatly out of their banks. At Wuchow, province of Kwangsi, the West river is 79 feet out of its banks, while the North river is at a stage of 26 feet at Samshui, province of Kwangtung.

In addition to the Shameen quarter other large districts of Canton are ten feet under water. Thousands of natives in these districts are on the roofs of houses and berry crops in hearts are busily engaged in taking them off and conveying them to high ground. Food is scarce and rice is urgently required.

APPLY MUNITIONS ACT TO MINING

BOTHA'S SUCCESS GRATIFYING

LONDON, July 13.—The session of parliament today was marked by a series of most important announcements by the ministers after the house of commons had, at the suggestion of Premier Asquith, passed a resolution expressing gratification at the success of General Louis Botha in conquering German southwest Africa. The chancellor of the exchequer, Reginald McKenna, announced that the subscriptions to the new war loan had reached to the unprecedented figure of nearly 600,000,000 pounds sterling (\$3,000,000,000) not including small sums received at the postoffices.

Apply Munitions Act to Mining.

The president of the board of trade, Walter Runciman, aroused the house to further cheers by the statement, that in view of the failure of the South Wales coal owners and miners to reach an agreement on the wages dispute the government had decided to apply to the mining industry the munitions of war act. This makes it an offense to take part in a strike or lockout unless the differences have been reported to the board of trade and the board has referred the matter for settlement by one of the methods prescribed by the act.

May Use Compulsion.

In the house of lords the Marquis of Lansdowne, a member of the cabinet without portfolio, stated that 22 or 23 British divisions are now in France and Belgium and expressed the opinion that, although recruits are flowing in, the country would not much longer tolerate the anomalies and injustices of the voluntary system which is taking unusual proportions of married men and that a national register would be useful should it be found necessary to introduce compulsory military service. He intimated also that munitions situation was now being satisfactorily handled.

Beyond the German claim that they have made further progress in their attacks near Sochez, the French air raid on the German lines of communications serving their front in the Woivre and repulses by both sides of the usual daily attacks, little has happened on the western front.

Russians Take New Positions.

In the east the operations are entering a new phase, the Russians having been successful in their counter offensive against the Austrians in the region of Krasnik. They have taken new positions in the hills to the north of that town and apparently are waiting for the Austrians to make a move. It is not expected that this will be long delayed, for General Von Mackensen has had time to receive reinforcements and supplies of guns and ammunition for his next great effort to secure control of the Lublin-Cholm railway.

Balkan Situation in Limelight.

The Balkan situation is again in the limelight as a result of the disclosures that the Austro-Germans have offered Roumania alternative concessions, either to continue neutral or jurisdiction with the allies. Confidence is expressed in British circles that the Balkan states will not join the Austro-Germans but it is considered likely that, owing to the failure of Russia to hold Galicia and Bukovina, they might decide to remain neutral. Of course success by the allies in the Dardanelles, where they are unofficially reported to have gained further Turkish trenches, would change the situation. It is also said that the former Greek premier, Eleutheros Venizelos, in anticipation of his return to power, has arranged to reorganize the Balkan alliance, of which he was the initiator.

RIVER BREAKS THROUGH DIKE; FLOODS TOWN OF CORNING, MO

KANSAS CITY, July 13.—Rain which reached the proportions of a cloud burst in northwest Missouri today swelled the Tarkio river until it broke through its dike and inundated the town of Corning, Mo., fifty miles north of St. Joseph. Inhabitants of Corning fled to the hills for safety. Merchants removed their stocks to upper stories. Late today water had crept over the entire town of 500 inhabitants, and was still rising.

MRS. PORTER TESTIFIES AT MURDER HEARING

TELLS OF WHAT SHE SAW IN CONNECTION WITH KILLING IN 1868

Relates Details of Her Experiences on Night Missouri Cattle Dealer and Son were Slain—Cross-Examination Fails to Alter Story.

Bedford, Iowa, July 13.—Mrs. Maria Porter of Quitman, Mo., repeated on the witness stand here tonight her recollections of what she saw in September, 1868, in connection with the murders of Nathaniel Smith, a Missouri cattle dealer, and his son.

Hearing is Delayed.

Mrs. Porter testified at the preliminary hearing of Bates Huntsman, Samuel Scrivner and John and Henry Danewood, Taylor county pioneers, who were arrested recently on charges of being accessories to the murder. The hearing had been set for early in the day but because of the non-arrival of several witnesses it was postponed until evening. Among those called to testify was Samuel Anderson, whose plans for a suit against the aged defendants by which he sought to get part of \$90,000 said to have been buried on a farm near Siam, Iowa, caused the investigation that led to the arrest of the men.

Mrs. Porter, who was 14 years old when the Smiths were killed, told of her girlhood experiences on the Collins farm where the bodies and loot were supposedly buried. She then related having seen certain men bringing the bodies to the farm and of having witnessed the burial of one in an old well. Her story was unchanged on cross-examination.

Relates Happenings in Detail.

Mrs. Porter told clearly and in detail how she was awakened on that September night nearly half a century ago by sounds outside the farm house, how she went to the door just in time to see a band of men, among whom she said were the defendants, carrying a quilt containing the body of a man, how she saw them throw the body into an old well near the house and how later they forced her to wash blood stains from their clothing, threatening her with death if she ever breathed a word of what she had seen.

ATTORNEY GENERAL HOLDS REAL ESTATE LAW UNCONSTITUTIONAL

Lucy Advises Stevenson to Decline
to Entertain or File Articles of In-
corporation Under New Act.

Springfield, Ill., July 13.—Attorney General Lucy advised Secretary of State Stevenson today to decline to entertain or file articles of incorporation under the new law regulating the incorporation of real estate agencies, on the ground that it is an amendatory act. The new law, known as "An act concerning real estate agency corporations" was introduced as house bill 639 by Representative Frederic R. DeYoung of Harvey and was approved by Governor Dunne.

The new law attracted a great deal of attention for the reason that it reversed the well settled policy of the state in regard to real estate brokerage by corporations.

In his opinion to the secretary of state, the attorney general says:

"While the act concerning real estate agency corporations" which took effect July 1, 1915, does not either in its title or in the body of act purport to be amendatory of any law, it nevertheless is an amendatory act and amend: Section 1 of the Act of 1872, entitled 'An act concerning corporations,' (the general incorporation act), by enabling corporations for the purpose of doing a real estate brokerage business, whereas that kind of business is expressly excepted from the operation of the general incorporation act in the first section thereof. Section 13 of Article 4 of the constitution provides, among other things:

"And no law shall be revived or amended by reference to its title only, but the law revived or the section amended shall be inserted at length in the new act."

In his opinion the attorney general stated that while it is the general policy to assume that acts of the general assembly are valid until judicially determined to be otherwise, they are not so treated where papably unconstitutional and where to proceed under them as valid would jeopardize public or private interests, generally.

STATES GERMANY'S ATTITUDE EXCITES ANTI-PATHY OF NEUTRALS

BUENOS AIRES, July 13.—El Diaro, commenting on the German reply to the American note says: "Germany instead of answering the American note squarely slips between Deslignes (Quibbles). The neutral countries want not only the established laws to be respected, but also the human laws. "Germany's attitude excites the antipathy of the neutrals and prepares the way for a coalition of all the countries which have been wronged. The United States cannot give in. It has on its side the sympathies of the world."

GEN. VILLA'S ARMY TAKES QUERETARO

Announces That Obregon's
Forces Are Isolated
From Vera Cruz

IS STRATEGIC POINT

City Is One of the Most Easily
Defended Positions Approach-
ing the Capital From North

SEND SUPPLIES TO CAPITAL

WASHINGTON, July 13.—General Villa telegraphed Enrique Llorente, his representative here, tonight, that Queretaro, 80 miles north of Mexico City, had been captured by his troops and that the forces of General Obregon, the Carranza commander, were now completely isolated from Vera Cruz. Cannot Move Westward.

The message from General Villa, was filed today at San Jose Iturbide, which is in the neighborhood of Queretaro. No details were given, but Mr. Llorente declared that strategically the capture of Queretaro meant that General Obregon was not only cut off from communication with Vera Cruz and Mexico City but that he could not move westward to Guadalajara.

Despatches Confirm Claims.

Despatches to the state department confirm the announcement that General Villa's forces have made a clean sweep along the railroad from Leon southward to Irapuato, although other consular advices today said that the Carranza troops had taken Aguas Calientes. Mr. Llorente exhibited his despatch from San Jose Iturbide as proof that the telegraph line through Aguas Calientes was uninterrupted, which would not be the case if in the hands of hostile forces. Queretaro is regarded as a strong strategic point, one of the positions most easily defended on the approach to Mexico City from the north. It was the site of the battle in which the power of Maximilian was broken. The latter was executed at the foot of the hill which was defended and lost by his forces.

Restoring Normal Conditions.

Restoration of normal conditions in Mexico City by the newly established Carranza authorities is going rapidly forward according to today's advices to the state department. Re-opening of the cable from Mexico City to Vera Cruz was announced in a message received from Consul General Shanklin at the capital and from Vera Cruz came the news that direct train service had been resumed and that supplies for Mexico City were being forwarded.

Promises Ample Guarantees.

General Carranza in a message to his Washington agents tonight telling of the capture of Mexico City, stated that he had sent to the capital by special train all the personnel for the departments of the treasury, interior, postoffice, that his government was engaged in sending provisions to the city and that "ample guarantees would be given everybody, whether native or foreign."

ELEVEN HORSES ARE CARDIED TO START IN CLASSICO

New York, July 13.—Out of 32 entries, eleven horses are barded to start in the classic Suburban Handicap at one mile and a quarter tomorrow. The race this year will be run over the Belmont park track under the auspices of the Empire City Racing association, as it was two years ago when H. P. Whitney's Whisk Broom II., carrying 139 pounds, with Jockey Joe Nottler riding, won, establishing a record of 2 minutes flat.

SAYLOR KILLS WHITE.

Boston, July 13.—Charley White, the Chicago fighter and Young Saylor of Indianapolis boxed 12 rounds to a draw tonight. Many of those who saw the battle gave it as their opinion that Saylor had the best of it, in the majority of the rounds.

Understanding May Come.

It seems that the German note translated into English is not as unsatisfactory in tone as the original offered. Several sentences in the note have been softened by subsequent definition of words and terms. The suggestion apart from the note that Germany would welcome the opportunity for the United States to use four of the "interned" German liners, manned by neutrals for the use of American travelers gives a clear idea of the Imperial Government's desire to protect Americans and to be friendly with the United States. It may be that a few days further consideration will somewhat soften the sound of the whole note to American ears. Certainly, at first, the sound was rather harsh and guttural. And in this connection it must be remembered too that the U. S. demand that rules of international warfare be applied to the submarine means a demand that old laws be applied to new conditions.

In the Lowlands.

Happiness is a comparative matter and people can gain peace of mind or dissatisfaction just as they happen to compare their conditions. Just now Morgan county farmers who are feeling somewhat blue because of inability to get ahead with the threshing of wheat and oats or in plowing of corn should go over to Pike county. In the Illinois and Mississippi bottoms thousands of acres of wheat and oats cannot be cut at all because of soggy soil conditions. There are still other thousands of acres where the wheat shocks have been so surrounded by water that a threshing machine cannot get in nor can the shocks be stacked and thus many are sprouting badly. Some farmers there have replanted corn three times and have finally been compelled to give up. Unless there is cessation of rain the losses will be heavy in bottom districts and already many tenants have become discouraged and sold out. In Morgan county conditions have caused some losses and a vast amount of inconvenience but the total is small by comparison with the low land farming district.

Oldest City Hires Manager.

An election will be held in St. Augustine, Florida, to choose the new board of city commissioners, under the commission-manager charter recently adopted. The commissioners will engage a city manager to operate the business of the oldest town in America. The nominees for the commission are mostly business men, and the politician is said to be eliminated under the new form of government. After 250 years of town and city government, St. Augustine has grasped the new idea in the running of cities. The new charter offers a comprehensive scheme of economy and efficiency under which the city's affairs will be run. The manager to be chosen by the commissioners will be held accountable to the commissioners just as a store manager or corporation manager assumes responsibility. The plan is working out with success in Dayton, O., and other northern cities and the "oldest town in America" was quick to see its alleged advantages. It remains to be seen, however, how well the plan will work out and it depends on the men who are the commissioners and the manager.

Training and Opportunity.

William Howard Taft, former president of the United States, in a recent speech delivered before the students of Wentworth Institute expressed this satisfaction at being able to speak before the young men of the pioneer training school in this country. He said:

"The man who is happiest is he who is working successfully toward the purpose which he has formed for himself and for his wife and family. One of the most fallacious and misleading ideas in our present day is that the people with a great deal of money are happier than those who have less. I don't for a moment wish to minimize the advantage and comforts that money may bring, but what I do wish to emphasize is that idleness and money generally bring unhappiness or an empty life unless the owner of the wealth makes himself a laborer in some cause which offers useful result as a reward. There never was a time in the history of the country when skilled workmen were more needed, when they were better paid and when the opportunities for stepping out of the ranks into a foreman's place or an employer's place were more clearly afforded to those who exhibit loyalty to the job and the skill and attention that insure success."

Stamp Office Needed Here.

The petition which has gone forward to the commissioner of internal revenue asking that the stamp of-

ice in Jacksonville be reinstated should result in favorable action by the revenue department. Jacksonville is the largest city in the twentieth congressional district and a stamp office has been the only government office here other than the postoffice.

Under the present plan it is necessary to send to Springfield for all stamps used in the regular routine of business as well as those for emergency and income tax purposes. In addition to the stamps carried the office had certain blanks and reports about which there are frequent inquiries and it is a serious inconvenience to the business men of Jacksonville to be required to send to another city for the desired stamps, blanks or information.

Mail service to Springfield requires from thirty six to forty-eight hours and in view of the very small expense attached to the operation of the office here it seems reasonable to expect that the petition will be granted by the revenue department. In bringing the matter to the attention of the department emphasis is laid upon the fact that this city ranks among the highest in the state as a cigar manufacturing center and that the taxes from this source alone amount to nearly \$2,000 per month. Even if there were no other argument the volume of tobacco business done in Jacksonville is certainly sufficient to make the continuance of a stamp office well nigh a necessity if the large business done here is to be given the proper assistance and the convenience merited.

Carranza's White Book.

The European war has developed the French yellow book, the Belgian gray book and volumes in other colors issued by the various nations in explaining their position in the war and in proving that "somebody else" started all the trouble. Now the Carranza faction in Mexico has taken up the idea and has issued a "white book," setting forth the causes of "the reactionary revolt and the revolution for liberty in Mexico."

"This revolution," the book says, "started with the independence of the nation and shall not end except with the freedom and happiness of the Mexican people. It has lasted more than a hundred years, and its natural enemy, though entangled by progress and the victories obtained over it by the liberal party, will still arise from its death bed to fight its last battle."

Describing the present stage of the revolution as a "deplorable spectacle," the book says that "this state of disorder is simply and purely the consequence, first of insubordination, and second, of the revolt of a military chief commanding a number of troops belonging to the constitutional army." The reference is, of course, to Villa.

The constitutionalists, the book says, have admired President Wilson. It says:

"The present occupant of the White House has seen under the clear light of his erudition, with the exquisite sensibility of his humanitarian devotion and his profound desire to enhance human freedom, what the Mexican revolution is in reality, which, as he says, is a struggle of the chosen people of Mexico against their oppressors."

"Life has recognized as a profound moralist, as a Christian philosopher and thinker, as a humanitarian statesman, all the worth of Mexican strife in its civic significance, its sublime abnegation, and he believed with sound significance in its final victory."

These paragraphs are very complimentary to the president, but nevertheless unspeakable conditions continue to prevail in Mexico City and no end of the suffering seems to be in sight.

BIDS FOR SCHOOL SUPPLIES.

Sealed bids for furnishing school and janitors' supplies and chemicals in accordance with lists on file in the office of the clerk will be received until noon Saturday, July 31. The board reserves the right to reject any or all bids.

Clerk of the Board.

WAS FALSE ALARM.

The fire department was called to the residence of John A. Ayers, 1052 West State street, Tuesday evening at 9 o'clock. Some young men saw what was thought to be a fire in the attic and sent in the alarm. The bright light was only a reflection. It was a long hot run for the department which made good time.

FUNERAL NOTICE.

The funeral of William Barr Brown will be held from the residence, 1209 West State street, at 1:30 o'clock this afternoon. The services will be in charge of the Rev. J. W. Miller, pastor of Grace M. E. church. Interment will be made in Wood Wreath cemetery, near the old Brown homestead.

WENT TO VIRGEN

TO IDENTIFY GOODS.
Sheriff Grant Graft, State's Attorney Tilton and W. C. Heaton of the C. B. and Q., went to Virgen Tuesday where they were called to identify some goods which had been found there, booty left by the men who are now housed in the county jail. There was a ring, several razors and a pair of trousers, which were found in a box car. The goods were some that were stolen in Franklin last week. The men now in jail charged with the theft will have a hearing July 20th.

MAKES SECOND VISIT.

Burglars made a second visit to the Piepenbring grocery store Monday night. They broke a small hole in a pane of glass in a window in the rear of the store, by which means they opened the lock. They carried away a collection of old coins and odd pieces of money valued at \$20.

FRANCIS W. BROWN.

The Nebraska State Journal of Lincoln contains a column long obituary notice of F. W. Brown, late postmaster of that city, has been received.

In the first part of the article reference is made to Mr. Brown's birth, June 16, 1864, at Booneville, Mo. This was also the birthplace of his brother, the late William Brown of Jacksonville, who served long as general counsel of the Chicago and Alton railroad.

F. W. Brown was known here as "Doc," and was the son of Elisha W. Brown, of this city. The latter was a brother of Judge William Brown and Dr. Lloyd W. Brown, late of this city, and of Capt. James N. Brown of Island Grove, Sangamon county, Illinois, one of our great farmers.

F. W. began his business career here in the lumber yard of Joseph W. Taylor, which was then located at the place on North Main street, just north of the Wabash railroad, where the Swift plant is now. He went thence finally to Omaha and Lincoln, Nebraska.

Mr. Brown married Miss Jennie Bennett, latterly of Omaha, where her father had a large department store. But before going into that, Mr. Bennett was in business in this city for a short time. He and his family lived in the house where M. F. Dunlap now is, on West State street. Miss Bennett was a very pleasant and attractive young lady, whose friends here will sympathize with her in her bereavement.

It was here, or through his relation to things here, that Mr. Brown became a friend and strong supporter of William Jennings Bryan, in whose home town Mr. Brown was made postmaster.

MORTUARY

Haskins.

Mrs. Len Magill Tuesday received word of the death of her aunt, Mrs. W. L. Haskins of Santa Anna, Cal. Mrs. Haskins was formerly Mrs. J. J. Ironmonger and a resident of this city. The telegram which Mrs. Magill received yesterday was from the son, Frank J. Ironmonger, who resides in Hollywood, Cal., and stated that his mother died Sunday evening, July 11th, and that the body would be sent to this city, her old home, for burial. Mr. Ironmonger will accompany the body to Jacksonville.

The deceased is survived by the husband, two children, Frank J. Ironmonger of Hollywood, Cal., and Mrs. Frank Thomas of Los Angeles. One brother, Thomas Toussaint and one sister, Miss Eva Toussaint also survive.

Funeral arrangements will be announced later.

WITH THE SICK.

Frankie Kiel, the bright little fellow who was operated on at Passavant hospital, is getting along as well as could be expected. He was in a serious condition and an operation was deemed wise, and from all appearances he was doing well at last accounts.

Fred Faugust of 888 East State street, is reported quite ill from malaria.

Menze's work shoes at Hoppers.

"THE COWBOY AND THE LADY," one of Clyde Fitch's best plays, was shown at Scott's theater Tuesday. This beautiful play of Western life has in it a pretty love story. Some years ago S. Miller Kent, one of America's best known actors, appeared in the play here. In making the moving pictures of the play Mr. Kent was secured and he appears to as good advantage on the screen as he did on the stage. The play loses nothing in its transfer to the screen and the audiences at Scott's yesterday were well pleased with the production. The picture will be shown again today and those who like western life with a beautiful love story intermingled with the excitement of the west should by all means see this picture.

ENTERTAINMENT OF DR. AND MRS. KINNEAR

It was announced that Dr. and Mrs. H. N. Kinnear were entertained at the home of Dr. C. E. Black but sudden illness of a member of his family has rendered it inadvisable and the guests will enjoy the kindly hospitality of Mr. and Mrs. B. W. Smith. They are expected some time today and tomorrow will be entertained with automobile riding in the morning and in the afternoon there will be a lawn social on the church grounds in their honor. Every possible effort will be put forth to make their stay in the city pleasant.

MISSIONARY SOCIETY MEETS.

The Woman's Foreign Missionary Society of the Alexander M. E. church held its regular meeting Tuesday afternoon at the home of Mrs. Claude Beerup with a good attendance. After the regular program a social hour was enjoyed and refreshments were served.

PETITIONS AUTHORITIES TO REINSTATE REVENUE OFFICERS HERE

Matter Voted on at Regular Meeting of Chamber of Commerce Held Last Night.

The most important item of business transacted at the regular meeting of the Chamber of Commerce last night was the action taken on the petition to the commissioner of internal revenue at Washington, D. C., that the stamp office, which was abolished here July 1, be reinstated as early as possible.

The petition contained a majority of the names of the leading business firms of Jacksonville, and was handed to President Reeve by M. F. Dunlap. After the motion was put and seconded by E. E. Crabtree, the members voted unanimously to adopt the same. The petition will be sent at once to Washington, with the urgent request that action be taken at once in the matter.

In the petition it says "This city ranks among the highest in the state outside of Chicago as a cigar manufacturing center, there being 15 cigar and 7 tobacco factories located here and the taxes from this source alone, amounts to nearly \$2,000 per month. McCarthy-Gebert company, whose factory is located here, are the largest manufacturers of cigars in this district, manufacturing approximately ten per cent of the total. The office as a convenience in rendering services in connection with the emergence and income taxes in the matter of supply stamps, furnishing blanks, etc. To send to Springfield for such information or for stamps causes delay, expense and inconvenience. The petition goes on to say that Jacksonville is the largest city in the 20th congressional district and the government office is the only one here except the post office.

Part of the meeting consisted of a report of the Fourth of July celebration, informal talks on pavements, and of the rural mail carriers, who would hold their next convention in Jacksonville.

REPORTS SERIOUS CONFUSION

IN FAR EAST SHIPPING TRADE

Consul General Anderson States Condition Has Resulted From Japanese Order.

Washington, July 13.—Serious confusion in the entire shipping trade of the far east was reported today by Consul General George E. Anderson at Hong Kong to have resulted from the order of the Japanese government reserving for Japanese ships all space on ships operated by the Japanese subsidized trans-Pacific lines. Under this order the consul general said all the space in the Japanese ships hitherto allotted to shippers at Hong Kong, Shanghai and Kung, for merchandise for the United States, now is withheld. All contracts and agreements made with non-Japanese shippers for space during June and July are revoked, even passenger space being taken over for Japanese use and arrangements for space in August are being made with the possibility of the extension of the order in view.

“While in the trade there are stories of all sorts of ulterior motives on the part of the interest concerned,” said the report, “there is, in fact, no reason to ascribe any other motive than that given. It is of extreme importance to Japanese manufacturers and exporters that Japanese products pass more freely and promptly to the United States at this time, and the Japanese government is urging the advance it has in possessing a large subsidized merchant marine to serve the interest of its producers.”

According to Mr. Anderson the restriction will accentuate the freight shortage in the Philippine trade.

WOMEN OPERATE TROLLEYS.

Hall, England, July 13.—After arguing the pros and cons of the proposal to employ women conductors on the street cars here for a month, the unions have been compelled to yield to the pressure of circumstances and admit the new labor. It was found impossible to obtain sufficient male labor to operate the necessary cars and the alternative to employing women was the stopping of the cars.

The women will receive \$6.75 a week, the same as the men, but the war bonuses heretofore paid to the men conductors will be added to the wages of the motormen, who will be asked to turn the trolley poles for the women.

POSSE OF FARMERS CATCHES TWO ALLEGED BLACKMAILERS

Fleeing Men are Shot and Dangerously Wounded—Are Taken to a Chicago Heights Hospital.

Chicago, July 13.—Fifteen mounted and armed farmers caught two alleged blackmailers today after a running fight of a mile in which the fleeing men were shot and dangerously wounded. Each was shot through the shoulders with rifle balls and their backs were filled with buckshot. They were taken to the Chicago Heights hospital where they gave their names as William Anker, a horse dealer in South Holland, and Henry Melankow, a bartender in Thornton.

Four days ago Louis Meyers, a wealthy farmer near Matteson, received a letter demanding that he place \$500 in a stump at a designated spot on July 12th, death to himself and wife being the penalty for failure to comply. Meyers notified the police here who referred him to the sheriff. The latter detailed two deputies to work in conjunction with the marshal at Matteson.

Shortly after dark on Monday night fifteen farmers rode to the place indicated in the threatening letter, concealed their horses in the brush and surrounded the stump. Just before daylight this morning a buckboard containing two men stopped at the roadside near the stump. The men left the vehicle and as they began a search of the stump Deputy Sheriff Bergin in charge of the party "shouted hands up" and the farmers made a rush for the two men. The latter fled to the buckboard and drove away at full speed. The posse mounted their horses and gave chase, firing at the fugitives.

After the men had been revived at the hospital they denied having sent the threatening letter and said they thought the sheriff and his men were robbers and therefore had fled.

STATES KAISER DECLARES WAR WILL END IN OCTOBER

LONDON, July 14.—The German emperor, according to the Times, in a speech to a deputation of bankers who had insisted on an interview in order to point out to the emperor the financial difficulties of the situation and the grave risk attending the pursuance of the campaign through another winter, stated that the war would end in October. The bankers are alleged to have declared that even if the war was brought to and end immediately and an indemnity obtained Germany's position would be difficult, but that if the war was prolonged the German empire would become utterly bankrupt. It was in reply to these representations according to the Times, that the emperor is understood to have declared that the war would end in October.

ACT TO PREVENT POSSIBLE ATTEMPT TO LYNCH FRANK

Three Companies of Militia Are Held at Macon in Readiness to Proceed to Milledgeville State Farm.

Atlanta, Ga., July 13.—Three companies of state militia at Macon were ordered held at their arms tonight in readiness to proceed to the Milledgeville State Farm, where Leo M. Frank is confined. Governor Harris announced the action after reports had been circulated that a plan was under way to attack the prison and lynch Frank.

The orders were issued by Adjutant General Nash who the governor explained had blanket instructions to call out troops to protect state property.

Roads to Milledgeville from Atlanta, Marietta and other towns were guarded tonight by county police. Frank recently began serving a life term for the murder of Mary Phagan after his sentence of death was commuted by Governor Slaton.

Authorities Well Prepared.
Milledgeville, Ga., July 13.—Warden Smith of the state prison farm stated tonight that prison authorities were "well prepared" if any attempt were made to lynch Frank. Extra guards still are on duty at the farm.

INSTITUTION QUARTERLY JUST FROM THE PRESS.

Scientific Papers of Special Interest to Medical Men and Social Workers.

The scientific papers in the June number of the Institution Quarterly, which is the official organ of the state charity service, will be found very interesting by medical men and social workers. Among these papers is a strong plea for surgery on the insane. This paper was written by Dr. Eugene Cohn, assistant superintendent, Kankakee State Hospital. It shows in the first three months of 1915, that 65 major operations have been performed with 64 recoveries. In addition to these operations there were a number performed for employees.

Dr. E. A. Foley, assistant superintendent of the Jacksonville State Hospital, contributes a valuable study in "Hereditary Chorea," four cases in one family are reported and described.

The "Segregation of Mental Defectives as a Preventive of Crime Immorality and Inefficiency," is most excellently treated by Dr. Clara E. Hayes, of the Peoria State Hospital.

Dr. Angelina G. Hamilton of the Anna State Hospital, has written a very interesting article on the "Types of Admissions to the Anna State Hospital." It is interesting largely because the admissions to this institution come from a rural section of the state. She contrasts the admissions of this institution with those in others in the state.

Dr. J. T. Rooks of the Kankakee State Hospital, tells of some interesting work in the care of chronic insane and particularly, chronic untidy dements.

Other articles under this head are as follows: "Personality and Psychosis," by Dr. C. C. Atherton, assistant superintendent, Watertown State Hospital; "Treatment of Acutely Disturbed Cases," by D. W. G. Murray, Kankakee State Hospital; "Institutional Problems in Senile Insanity," by Dr. R. M. Ritchie, of the Elgin State Hospital; "Intraspinal Injections of Neo-Salvarsanized Serum with report of Cases," by Dr. Louise Abbott of the Elgin State Hospital, and "The Conservation of our Mental Forces," by Dr. E. A. Foley.

STANDARD BEARERS MEET.

The Standard Bearers of Grace M. E. church held their July meeting Monday afternoon at 3 o'clock with Miss Ruby Molohon on Webster avenue. Devotions were led by Mrs. Naylor, with Leaflet by Opal Houck. Reports of the Illinois conference convention at Springfield were given, followed by a leaflet by Eula Priest. The roll call and minutes were then read, after which the meeting adjourned. A social hour followed, during which refreshments were served.

CHARLES M. HOCKING HAS
LIVED NEARLY NINETY YEARS

Franklin Citizen is Hale and Born-
ed at Advanced Age—Was Born
in England Jan. 17, 1826.

Among the early residents of this city was the venerable Richard Hocking who had a worthy family of sons of whom but one, Charles M., is left. He was born in Cornwall, near the channel, England, on Jan. 17th, 1826, and though so nearly ninety he is yet hale and hearty and able to get about in a lively manner. His father was a shoemaker and tried to rear his sons in the fear of the Lord, to be industrious and faithful in all things.

In 1850 Charles thought he would try his fortunes in the new world and he set sail in a small sailing vessel of 500 tons, loaded with railroad iron which this country then bought entirely abroad. The craft was six weeks making the trip and the people on board were tired enough. The boat landed at New York but Mr. Hocking decided to take the advice of the immortal Horace Greeley though he had not at that time seen the great journalist. He had to travel by water so he went up the Hudson to Albany by the Erie canal to Buffalo and by like to Chicago, a small place where he remained four months, but did not buy any lots. He worked at his trade four months and then set out for Astoria going down the canal and by other water routes till he reached the confines of Fulton county.

Lived at Virginia.

After four months at Astoria he tried his fortunes in Bath, Mason county but the mosquitoes and ague were too much for him. There he was joined by his father, stepmother and four half brothers and all decided to go to Virginia, Cass county, where they remained two years. Charles, however, thought he would try a larger place so after a short time he came to Jacksonville and began work for David Hamilton in 1852. He worked three months and then went to work for Charles Chappel two months, and then went to an Englishman named Carter who had a shop in the Smiley Henderson building where the Grand Opera house now stands. Mr. Carter afterward went to Murrayville and later came back to Jacksonville and died here. His wife was a cousin of Uncle Thomas Barber.

In 1854 he bought the business of Mr. Carter and his father moved to Jacksonville and together they conducted the business for some time. The father died, honored and respected in 1879. From 1867 to 1870 Mr. Hocking worked at his trade in Lynnville and then he bought a farm on Apple Creek and took his family to it but very soon discovered that the shoemaker's bench was his sphere and he left his family to run the farm and he went into Franklin and worked at his trade. In 1875 he gave up the farm and moved to Franklin which has since been his home. He doesn't have to work now and is enjoying the well earned fruits of a busy, upright life.

Married in England.

He was married in England in 1847 and was the father there of two children, both of whom died in infancy, and his wife passed away in 1850. He was again married in November, 1852 in Mason county, to Martha Fletcher with whom he lived most happily till last March when she was taken from him to the better land. He had seven children born in this country. The eldest is Fletcher, aged 62, and living in Franklin.

Charles went to California some time since and has not been heard from. Mar died in 1879. Mrs. Laura Austin lives in Kansas; twin boys were Richard, a barber of this city, and James, a carpenter, living in Franklin; the baby is Mrs. Martha Burnett, living three miles east of Franklin. She is 51 years old. He has also nineteen grandchildren and twenty great-grandchildren. The oldest grandchild is forty-one. He himself is the only one left of all the family. During his mature life Mr. Hocking has been a consistent member of the Baptist church and while hale and hearty he is ready for the summons of the Master whenever it may come.

Each bid must be marked "Proposal for Highway Bridge Work" and addressed to the county clerk, Jacksonville, Ill. For plans and further information address L. O. Baldwin, Jacksonville, Illinois.

INHERITANCE TAX
APPRAISER MAKES REPORT

Estate of Alice D. Hall Shows Property to the Amount of \$146,033.08—How the Awards are Fixed.

Walter W. Wright appointed as inheritance tax appraiser of the estate of Alice D. Hall filed his report with County Clerk Boruff Tuesday. The report is a comprehensive one and shows the value of the estate as amounting to \$146,033.08. The appraiser fixes the following awards:

William E. Hall, husband, dower interest in real estate fixed at \$11,305.78. Share of personal property \$27,327.78.

Rachel C. Hall, daughter, interest in real estate subject to the dower interest of W. E. Hall fixed at \$52,444.22. Share in personal property fixed at \$54,655.39. Forty thousand dollars is subject to statutory exemption.

The appraiser finds that there is due inheritance tax from the share of William E. Hall the amount of \$186.63, and from the share of Rachel C. Hall the sum of \$871.00.

AUTOMOBILES

Muddy roads did much to dampen the enthusiastic owners of autos yesterday though a few managed to get to the city.

Oscar Sewall and brother came down from near Arenville where they had been to visit their mother. They found lots of mud but went on in their Ford to their home in Naples.

R. A. Megginson of Woodson rode up to the city yesterday from Woodson in his Ford runabout.

H. W. Orr and wife of Danville, Indiana arrived in the city yesterday in their Ford. They found good roads in the Hoosier state but had a hard time to get thus far across Illinois. Mr. Orr is local agricultural adviser in his county and was on his way to Quincy, Hannibal and various points in Missouri. He said he had received a month's vacation but hoped he wouldn't have to spend it all on the road.

Charles Lazenby of Lynnville came to the city yesterday in his Mitchell car.

C. L. Reid of the Ebenezer neighborhood came to the city yesterday in his Mitchell car.

Mr. and Mrs. C. W. Ranson of the southeast part of the county, visited the city yesterday coming in their Mitchell car.

BILLY KERSANDS IS DEAD.

Billy Kersands, one of the most famous of the old-time minstrel men, died recently in Montana. Kersands was one of the original Georgia Minstrels and has appeared many times. Together with Tom McIntosh, he gained great fame and both were known as the men with the big mouths. Kersands, however, was better known for his dancing and his "essence" has delighted the hearts of many a citizen of Jacksonville in his younger days.

Some years ago, when Frank and Ed. Mallory were with Williams and Walker, Kersands was signed to appear with that company. It was thought that he would be a great hit with the show. He would have been a big hit, too, but Billy was old and "so" in his ways. The ways of the younger generation were new to him. He was in the wrong environment and quit cold. In his day he was great and even the night of his death he had appeared with his company before a large house. It was said that he never had appeared to better advantage. Shortly after going to his private car he was stricken with heart disease and died in a short time.

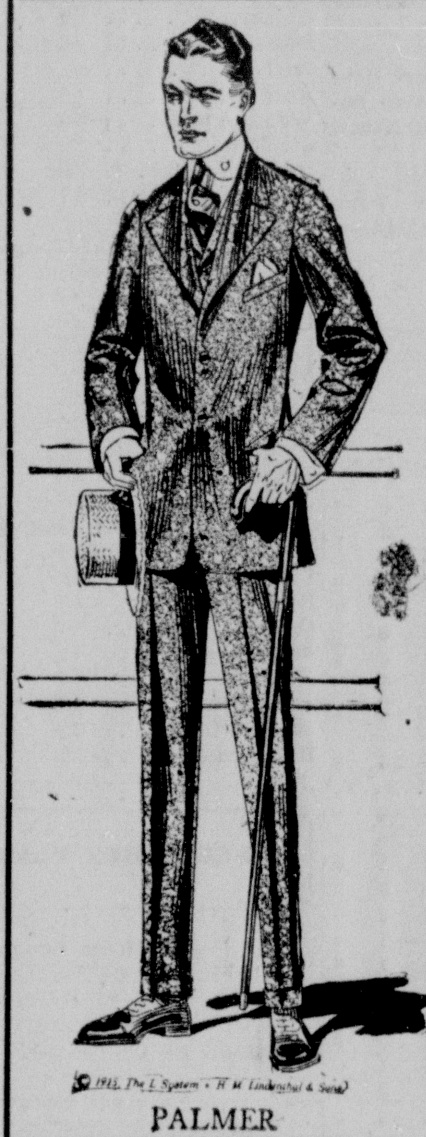

Kersands made many a boy happy during his life. It was his mission to bring sunshine to those who needed it and he did not doubt during his career brought smiles to many whose hearts were heavy with grief. He is said to have amassed considerable of a fortune and had real estate holdings in the south.

FROM LONG AGO.

A friend has sent this office a copy of The Weekly Journal of Dec. 20, 1882, almost 33 years ago, and since that time many changes have come to the city. Among the advertisements of that date were William Rockwell, drugs and hardware; Henry Stryker, Jr., John Bellatti, Richard W. Reid, Brown, Kirby and Russell, Ketchum & Hatfield, William H. Barnes, lawyers; M. H. Goodrick, J. R. Simms, Jockers, Chambers and Bro., W. J. Moore and Co., Loar & Gordon, H. Jenkinson & Bro., grocers; J. Tomlinson, L. Seiberger, D. W. Rawlings, Isaac Rawlings, clothing; Phelps & Osborne, William Russell, Metcalf & Fell, dry goods; Hockenbush & Young, druggists; Mrs. M. S. Stewart and Conservatory millinery store; millinery; G. M. Ewing and Mark Ament, music dealers. The foregoing names bring up many recollections to those who have lived here long enough. Many of those mentioned are not now living, but they left their impressions on the place while they were here.

ARRESTED ON CHARGE

OF LARCENY.
Tom Govan, colored, was arrested Tuesday, charged with stealing two watches and a gold chain from Luther Morris. Morris cannot see well and is in the habit of having some one read the newspaper to him. Govan volunteered to do the reading. When he left he took two watches and a chain from Morris, who is in the jewelry repairing business. Govan went before Judge W. E. Thompson Tuesday afternoon and pleaded guilty and was fined \$50 and costs and sentenced to the county jail for 30 days.

STUTZ CAR LEASED
FOR ELGIN GRIND.

Head of Stutz Company Reported
Disgusted With Racing Game.

Harry C. Stutz, president of the Stutz motor car company of Indianapolis, Ind., has leased the car Howard Wilcox drove in the recent 500 mile automobile Derby at Chicago to E. C. Patterson and Ralph De Palma for the summer racing campaign. Under the guidance of the lessees it will first be driven over the Elgin race course on August 20 and 21. E. C. Patterson having fled the city over his signature yesterday.

No driver has been named for the car. A number of the best men in the country have been taken into consideration and the Patterson-De Palma syndicate will be represented by a pilot of known reputation and ability.

Patterson's entry was the first received for the Kane county classics and its nature attracted a great deal of attention in motoring circles. Whether the leasing of the car to Patterson and De Palma means the retirement of the Stutz company from the racing game is yet a problem. The Stutz are known to be the fastest 300 cubic inch cars ever manufactured by an American builder. Their reputation became international when at Indianapolis and Chicago this year they were almost successful in their challenge of the premier cars of Europe.

Stutz is known to have been disgusted with racing conditions after the Chicago race when two of his three cars finished high in the rank of the leaders with averages neither unapproached in the history of American racing. No reason could be ascribed by motor critics to Stutz's sudden change of heart as the showing his cars made certainly was considered satisfactory from every standpoint. It was generally understood, however that he hoped for a victory.

Failure to secure first place however is said to have soured him on the racing game.

JANE ADDAMS

WELCOMED HOME
New York, July 13—A public welcome trip through war-swept Europe in an effort for early peace will be tendered tonight to Miss Jane Addams of Chicago. The meeting will be held in Carnegie Hall, and has been planned by the Women's Peace Party and other peace organizations.

Miss Addams went abroad early in the spring as the leader of the American contingent to the International Congress of Women for Peace. The Congress met at The Hague, and Miss Addams presided. Resolutions looking to early peace in Europe were adopted by the women, and Miss Addams undertook the arduous task of personally heading the committee which called at the principal capitals of the belligerents. She talked with the heads of many governments, to whom she was known through her world-wide reputation.

Miss Addams has already declared her opinion that peace can be brought about through neutrals if the right methods are adopted, for it is her belief that the people of Europe are war-sick and long for peace.

M. M. McComb, formerly of this city and now a resident of Abingdon, is in the city for a short time, looking after his interests here.

IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulished coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulished coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

GIANTS WIN UPHILL FIGHT AGAINST CUBS

PHILLIES GO INTO LEAD WHEN CHICAGO LOSES.

New Yorkers Make Only Three Hits off Humphries until the Eighth Inning—Cubs Falter Badly in Ninth With Bases Full.

New York, July 13.—New York won an uphill fight against Chicago and pulled the Cubs out of the lead. The Giants made only three hits off Humphries until the eighth inning when they reduced a three run lead to one run. In the ninth inning the visitors faltered badly with bases full and Brainard a pinch hitter drove in two runs.

"MORNING GLANCES" (By Gosh)

By a score of 7 to 0 the White Sox took Philadelphia into camp Tuesday. Scott held Philadelphia safe all the way and his infield support was fast, three double plays wrecking the Athletics chances.

Eddie Collins played a great game against his old team mates. He made two runs, two hits, stole a base and figured in two of the Sox double plays.

Lena Blackburne continues to play a great game at the far corner for Rowland. Blackburne is playing the game of his career and is demonstrating after a long lapse of time that he is not a phony ten thousand dollar beauty.

The Phillies demonstrated their class by beating St. Louis 3 to 0 yesterday. Chicago lost and it put the Phils in first place, by one point. The Phils have been contenders for first place ever since the season opened and at this time with Alex. and going the way he is the Phils have a good chance to finish the season in front. So far as we can recall the Phillies have never won a flag and it would be a great thing if they should cop.

Kansas City in the Federal League beat Pittsburgh by a score of 1 to 0 yesterday. Each team made five hits but Kansas City bunched two of theirs in the first with a pass and scored the only run of the game.

Brooklyn beat Baltimore yesterday by a score of 5 to 5. Incidentally they wallowed Chief Bender for five runs in the eighth after being held to one run. It looks like the Chief has slipped.

Cleveland and Boston divided a double header yesterday. Boston won the first game 7 to 2 and Cleveland won the second 6 to 5. Cleveland used three pitchers in the second game and Boston used two.

Washington and St. Louis split even in a double header yesterday. Boehling won the first game for the Washingtonians and Wellman bested

Walter Johnson in the second by a score of 3 to 0. Each team made four hits but St. Louis bunched theirs while Wellman kept Washington's hits scattered.

The Yanks and Tigers divided a double header. The first game was close, the score being 3 to 2. In the second game both teams hit the ball hard and the Yanks won by a score of 10 to 8.

In the first game Coveleskie allowed New York but four hits. Cobb got three hits for Detroit, two of them being doubles.

Bob Veach in the same game got a double and a home run. Veach hits them far and this year is hitting up to his old form when he was with Indianapolis in the American Association.

The Tigers used five twirlers in the second game. None of them were effective and Dauss, the last one to be called the mound was less effective than any of them.

Fritz Maisel got two of New York's four hits in the first game. Maisel is playing great ball for New York and is easily one of the best third basemen in the American league.

Honus Wagner got tw hits in the first game one a double.

The Giants beat the Cubs in an uphill fight and tumbled them out of the lead in the national. The Cubs outbit the Giants but Brainard hitting for Ritter singled and set two over winning the game.

A game that promises to be of more than ordinary interest is the one between the All Stars of Jacksonville and the Springfield Giants which will be played at Nichols park this afternoon. The Giants are considered one of the best teams in this section. They held the Springfield Independents to a 3 to 1 score recently. The All Stars compose the best colored players in Jacksonville. They have in Norton a cracker jack pitcher. Both teams are determined to win and the battle will be worth going to see. The game will be called at 3 o'clock.

SAYLOR AND WHITE MEET.
Boston, July 13.—One of the best ring battles of the season will be staged here tonight, when Milburn Saylor, the Indiana wonder, clashes with Charlie White of Chicago. Both boys are going good and are hard workers. White recently held his own against Freddie Welsa at New York, and some of the fans thought he earned a victory over the champion. Saylor and White will go 12 rounds here.

Mr. and Mrs. John Cherry have returned from a visit with friends in Ottawa.

"Emerson Standard."

Is the World Standard. Ask any user, and take his word for it. Specially constructed cutter bar; no friction on the knife; wide truck, insuring steady, uniform motion and giving lots of room for large horses, gearing or driving mechanism; three motion, gear located, and so placed that any jar or thrust incident to the sudden starting or stopping, is equally distributed, each gear assuming its portion of the strain, thereby avoiding breakage. Further:

Light draft—by the three motion gear, demonstrated in principle by the block and tackle device, giving high speed without undue strain on any portion of the machine. All teeth on the gears made by our special pattern and process. The standard carrying spring, so attached that it increases the traction of wheels by placing all the weight of cutter bar, machine and driver on axle—no neck weight; perfect balance; cutter bar does not drag, but floats over the ground, and there are so many superior points that we delight in showing them.

Come in and visit the bunch.

WORLD'S MARKET NEWS

BLACK RUST REPORTS QUICKLY
TURN WHEAT MARKET TO STRENGTH

Result is a Firm Close at a Net Advance—Corn Winds Up Unchanged and Oats Gain.

Chicago, July 13. — Black rust reports from the Dakotas and Minnesota today quickly turned the wheat market from weakness to strength. The result was a firm close at 1 1/2c to 2 1/2c net advance.

Corn wound up unchanged to 3c higher, and oats with a gain of 1/4c to 3/4c.

In provisions the outcome was a rise of 5c to 2 1/2c.

At first the black rust news met with incredulity. Wheat traders, however, quickly woke up when the reports were confirmed from the South Dakota agricultural college, and it was stated the conditions were exactly the kind to promise a spread of the plague. Almost simultaneously the fact developed that exporters were buying much more freely than has recently been the case.

Throughout the rest of the session prices continued on the upgrade, with an urgent general demand by a big rush of shorts, notwithstanding that crop infection appeared as yet to be restricted to just a few points.

Pressure from receiving houses indicating hedging sales from the harvest districts of Illinois and other regions nearby was chiefly responsible for the heaviness of the wheat market before the black rust scare began.

Even after the market as a whole was scoring an advance, the July option showed less vigor than the later deliveries. When trading was at an end the greater part of the premiums for cash wheat here as compared with July had disappeared.

Good weather tended to make corn relatively easy. The strength of wheat, however, finally had a bullish effect. Oats moved up more readily than corn. Decreasing stocks acted as more than an offset for favorable advices regarding the crop.

AFTER SUFFERING TWO LONG YEARS

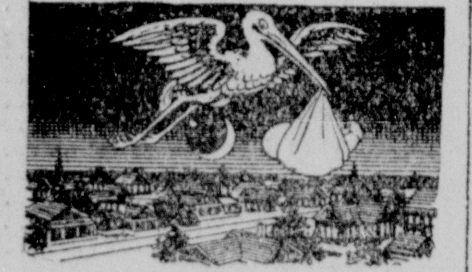

Mrs. Aselin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it I got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASELIN, 628 Monroe St., N.E., Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

Planning for the Stork's Arrival

Among those things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

"Mother's Friend" may therefore be considered as indirectly having a splendid influence upon the early disposition of the future generation.

Whatever induces to the ease and comfort of the mother should unquestionably leave its impress upon the nervous system of the baby.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century it must be a remedy that women have learned the great value of.

No more timely advice could be given the inexperienced mother than to suggest the daily use of "Mother's Friend" during the interval of expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradford Regulator Co., 302 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

The Latter Part of the Present Year Will be Selected as the Time.

The beneficent work of Passavant hospital has been going on in this city for more than forty years. The beginning was indeed humble in the old college building and for years the struggle was great but as time passed on the enterprise grew until its present fine proportions were reached. The field of its usefulness has grown with the passing years until its accommodations are wholly inadequate for its work. New and improved buildings are urgently needed. The superior facilities and excellent work of the corps of trained nurses have had their effect but now those facilities need still farther enlargement that the hospital may keep up with the demands made upon it.

At the last meeting of the trustees the matter of a campaign was left with the executive committee with power to act. It was first intended to have a campaign last fall but it seemed best at the time to defer it and the arrangement made with Mr. Bowen to conduct it was cancelled.

Now it seems wise to go ahead and a tentative arrangement has been made with T. W. Davies of Brooklyn, New York. At a meeting of the trustees to be held Friday night the whole matter is to be laid before them as the executive committee feel that the important movement should have the sanction of the entire managerial body.

Passavant hospital needs no encomium. It doesn't come before the public asking for help to pay debts for it has none but it does need new and improved equipment and its beneficent work entitles it to all consideration.

PHYSICIANS WILL MEET AT FRANKLIN TOMORROW

Will Be Guests of the Members of the Franklin Outing Club, Who Belong to the Morgan County Medical Society.

The members of the Morgan county Medical society will be guests of the members of the Franklin Outing club, who belong to the society, Thursday at Franklin. The day will be spent at the club grounds and it is expected, if the roads are in good condition, and that there will be a large attendance. The guests will assemble in the morning and at the noon hour dinner will be served. "One Hundred Chautauqua Babies" will be the subject discussed at the afternoon session, with Dr. David Reid as leader.

RAILWAY EMPLOYEES PICNIC.
The annual picnic of the employees of the Jacksonville Railway and Light company will be held at Nichols park this afternoon. The athletic events will begin promptly at 1:30 o'clock. There also will be a baseball game, but it will not be played until after the game between the Springfield Giants and the Jacksonville All Stars. The committees in charge have made all necessary arrangements and the occasion promises to be one of great pleasure to the employees. At 6 o'clock a basket supper will be served.

BROKE UP CRAP GAME.
Tuesday shortly after noon the police were notified that a crap game was in progress in a building on the lot back of Dr. Pitner's office. Officer Baker went to the place and captured George Carr, colored. Several others were in the game, but got away. Carr gave bond for his appearance in the sum of \$25 before Justice Dyer Saturday.

WILL TAKE EXAMINATION.
The state board of examiners of nurses will meet in Springfield today and tomorrow for the examination of nurses who have graduated from the various accredited training schools of the state. Those who pass the examination successfully will become registered nurses and be permitted to use the letters R. N. The following who have been at Passavant hospital training school will take the examinations: Misses Alice Wales, Clytie Andrews, Stella Davis, Ruth Stadler, Gladys Knopp.

AVIATION PAGEANT AT FRISCO.
San Francisco, July 13.—As a feature of "Aerial Navigation Day" at the big Exposition, a parade of aeroplanes and a pageant depicting the history of aviation will take place this afternoon. Another feature is the placing of four tablets on the Column of Progress. They will pay honor to Dr. Samuel Pierpont Langley, American pioneer in flying, tell the achievements of the Aero club of America, the practical work of all nations and the fact that the Exposition is the first since man-flight has been accomplished. August Post, representing the Aero Club of America, will be the speaker at the unveiling of the tablets. This evening Dr. Walter Hough of the Smithsonian Institution will speak his appreciation of Langley, who was his associate.

TOOK SUPPER AT PARK.
Mr. and Mrs. Harvey Day of Des Moines, Ia., who are on way home from Chicago, where they attended the Christian Endeavor convention are guests in the city at the home of Mr. and Mrs. J. B. Jordan on West North street. Last night with Miss Blanche Jordan as hostess a supper was given at Nichols park in honor of the visitors. The time was happily spent and the party for recreation walked from the lake to their home. Those in party were Misses Blanche and Lee Turley, Grace, Florence, Nora and Mabel Jordan and Mr. and Mrs. Harvey Day.

UNUSUAL COUNTY ALMSHOUSE IS REPORTED BY ANNIE HINRICHSEN

Inspector Makes Recent Visit to Schuyler County Home—Institution is Self Supporting.

An unusual county almshouse is reported by the State Charities Commission, whose inspector, Miss Annie Hinrichsen, visited recently the Schuyler County Home, located near Rushville.

This institution is said to be entirely self-supporting and each year turns back money into the county treasury.

"Recently," says Miss Hinrichsen, "the county added forty acres of land to the farm, purchasing it with money earned by the farm. The farm contains 350 acres of very good land; sixty acres are in corn, thirty in wheat, fifteen in oats, thirty in hay, eighteen in alfalfa, ten in orchard and lawn, three in garden and the rest in pasture. There are sixty head of cattle, twenty-five horses, 500 hogs and thirty milk cows. Thirty pounds of butter are made each week."

There were four women and twenty-four men inmates on May 14th.

The report contains a detailed description of the buildings and their equipment. The inmates' building is heated by steam and lighted by electricity. The floors are of hard wood. The rooms are attractively furnished and there are rugs on the floors. Plain white dishes are used on the tables.

The inspector says, "The house was in most immaculate order and the barns and out-buildings were in good condition. The 'home' spirit and the 'home' atmosphere has been developed to the highest degree."

Superintendent J. R. Leary and wife have been in their positions for twelve years.

MR. AND MRS. J. H. DANSKIN RETURN FROM ATLANTIC CITY

Attended Sessions of the National Anti-Saloon Conference—Will Present Hobson Resolution to U. S. Congress.

Mr. and Mrs. J. H. Danskin have returned from Atlantic City, N. J., where they attended the sessions of the Anti-Saloon conference, held from July 6 to 9, when nation-wide prohibition was given a great impetus. The gathering was one of the most notable in the history of the organization and addresses were made by such men as Congressman Hobson, Governor Foss of Massachusetts and General Miles. One day's session was enlivened by the arrival of 3,000 converts of Billy Sunday from Philadelphia, known as "The Trail Hitters." Their singing of "Since Sunday Came to Our Town" received a great ovation.

Workers for the temperance cause held a meeting later at Washington City, which was attended by Mr. and Mrs. Danskin. At this conference it was voted unanimously to present the Hobson resolution at the next meeting of congress. There will be no change in the resolution as it was formerly presented.

Mr. and Mrs. Danskin came home via Philadelphia and Mt. Vernon. Last Sunday they met the Jacksonville Dokays at the Union station in Washington.

GAVE MUSICAL COMEDY.
A musical comedy was given at Northminster church Tuesday before a large audience. The members of the cast belong to the Northminster choir and the play was a "fake off" on church choirs. The different parts were well interpreted and the audience was much pleased with the evening's entertainment. The proceeds amounted to \$45.00. Ice cream and cake were served and a social hour followed the performance.

SHRINERS CAPTURE SEATTLE.
Seattle, Wash., July 13.—With the arrival yesterday of Dr. Frederick B. With, Imperial Potentate, the host of Shriners gathered here for the 41st annual session of the Imperial Council, Nobles of the Mystic Shrine, formally opened their big meeting. Today the Imperial Council held its first meeting, and this afternoon the ladies of the nobles are being entertained at a lawn fete. The second big parade of the week will take place tomorrow, when all the bands, patrol and nobles will be reviewed by the Imperial potentate. The council will formally close its deliberations on Thursday, but the gathering will remain for the many events that have been arranged up to Saturday night.

ABE RUEF SEEKS FREEDOM.
San Francisco, July 13.—Abe Ruef, former political boss of San Francisco, today completes half of his term of 14 years in San Quentin prison for bribery, and is hopeful that he will be given his parole soon. He has made application to the board of prison directors who will act on August 13th. He is more hopeful than ever today that his liberty will be granted him, for reports have reached him that the members of the prison board are favorable to grant this application. The present effort in his behalf is the third one, the others having failed because it was necessary for a prisoner to serve half his sentence before parole could be granted.

HELD PICNIC SUPPER.
The King's Daughters of Central Christian church held their regular meeting Monday evening with a picnic supper at Nichols park. All members were present and their teacher, Miss Minnie Simpson. A little business was transacted and plans were made for a camping trip the latter part of July. A pleasant evening was enjoyed by all.

PICNIC DATES ANNOUNCED.

Already the various churches and other organizations are beginning to announce the dates for their annual chicken fry, burgeois, fish fry and watermelon picnics. These events are looked forward to with no little interest by the people of Jacksonville and vicinity, who patronize them in large numbers. While the season has been somewhat rainy, one good weather prophet has said "that it can not always be so" and there is every reason to feel that the gatherings will be as large and as successful this year as those of the past. The picnics already announced follows:

July 29 (Thursday): Murrayville M. E. church fish fry.
August 4 (Wednesday): Nortonville Burgeois.
August 5 (Thursday): Woodson Presbyterian church chicken fry.
August 11 (Wednesday): Sacred Heart church, Franklin, picnic.
August 12 (Thursday): Chicken fry and burgeois, Woodson Christian church.
August 12 (Thursday): Annual Baptist church picnic of Murrayville.
August 18, 19, 20: Franklin Home Coming.
August 21 (Saturday): Zion M. E. church near Murrayville.
Aug. 26 (Thursday): Berea church annual chicken fry.
August 26 (Thursday): Annual picnic, Exeter Christian church in Knoepfel's Grove.

COUNTRY CLUB MEETS.

The regular meeting of the Woman's Country Club of Orleans was held Tuesday afternoon with Mrs. James Holmes at her home in Orleans. There was a good attendance of members and guests and the meeting was opened by Mrs. Davis, the president. The topic of the afternoon, "Home Gardening," was presented by Mrs. Cunningham, after which an interesting discussion was had. A social hour and refreshments followed.

MRS. N. A. BLAKEMAN REACHES EIGHTIETH MILESTONE OF LIFE

Relatives and Friends Honored Birthday of Long Time Citizen of Murrayville—Presented a Beautiful Chair.

Mrs. N. A. Blakeman of Murrayville celebrated her 80th birthday last Sunday. Her birthday fell on the 14th of the month but as it was inconvenient for children to be home then the event was postponed. It was a surprise to Mrs. Blakeman when all the children arrived and the many friends, and the occasion was a joyful one in every way. At the noon hour a splendid dinner was served and the afternoon was spent in a social way.

Mrs. Blakeman was the daughter of Mr. and Mrs. Joshua Sprague and was born five miles west of Jacksonville. Her parents came to Morgan county from Utica, New York. Mrs. Blakeman was graduated from the Jacksonville Academy in 1853 and as far as she knows none of the members of that class are now alive. She took a musical and literary course. Her husband died 29 years ago and for some time she has been making her home with her daughter, Miss Ada Blakeman. A pleasant feature of the afternoon was the presentation to Mrs. Blakeman by her children, of a beautiful Morris chair, the presentation speech being made by Rev. C. S. McCollom of the M. E. church. The dinner was served on the spacious lawn.

Those of the children present were Mrs. Charles Blakeman, T. M. Blakeman, Mrs. Mary Rimbe, Miss Ada Blakeman and William H. Blakeman of Murrayville and vicinity and John Blakeman of Knappa. She has 29 grand-children, and six great grand-children.

Among the guests present were Louis, Albert and Anna Kumaick of Springfield; Marlin Cannasty, and son Roy of Roodhouse; Mr. and Mrs. Roy Rimbe of Athens; Mr. and Mrs. Clarence Jackson and daughter Mildred of Hettick; Dr. and Mrs. J. H. Spencer, Mr. and Mrs. C. S. Daniel, Mr. and Mrs. J. E. Thompson, Rev. C. S. McCollom, Peter Hamel, Mr. and Mrs. John Carlson, all of Murrayville and vicinity and Mr. and Mrs. Charles Hamel of Lynnville.

LYNNVILLE BEATS

WINCHESTER, 7 TO 5. The Lynnville White Sox played some ball Sunday beating the Winchester Pastimes, 7 to 5. Battery for Lynnville was Kitchen and Parker. Kitchen's pitching being a feature of the game. 13 strike outs to his credit. Parker caught and played a fast game, allowing one man a safe steal. Stephenson played an excellent game on first. While there was nothing slow about Smith's triple play at third.

Blackburn played a brilliant game on short allowing nothing to pass and four double plays. Wiley Todd covered second with his old time skill doing fine work. The score was five to five from the fifth inning till the first half of the ninth when Lynnville untied it with two runs.

The line up of the Sox was: Kitchen, p; Stevenson 1b; Parker, c; Todd, 2b; Hundley, 3b; Fralix, rf; Blackburn, ss; Patrick, lf; Stainforth, cf.

IRISH RAMBLERS VICTORS.

In a fast game of ball Tuesday afternoon the Irish Ramblers defeated the Young Giants by a score of 10 to 6.

The Ramblers lineup was: Blasse, p; J. Burke, c; J. Sellers, 1b; E. Hennesy, 2b; A. Burke, 3b; A. Curtis, ss; E. Blasse, cf; G. Coskey, rf; A. Tribble, lf.

The lineup of the Giants was: S. Wagner, p; A. Goes, c; J. Sullivan, 1b; G. Gilliland, 2b; W. Baptist, 3b; W. Hizer, ss; E. Mohon, rf; H. McNamara, cf; W. May, lf.

The Giants will seek revenge this afternoon at 1:30 o'clock when they will again clash with the Ramblers. Today's game will be played near J. W. Baptist's coal yard.

WANT WILLIAM J. BRYAN TO SPEAK AT CHAUTAUQUA

Effort Being Made to Secure Former Secretary of State and Former Governor Slaton of Georgia.

Directors of the Jacksonville Chautauqua are endeavoring to make arrangements for the appearance of Former Secretary of State William J. Bryan and Former Governor Slaton of Georgia at the chautauque, which is to be held August 29 to 29, inclusive.

A meeting of the directors was held in the offices of Dr. Carl E. Black Monday night with a full attendance and various details pertaining to the program were worked out. It is planned to have the opening day a "Sunday school day" with a parade and an automobile day is also being arranged for. Other special days will be an "Old Settlers' day" and a G. A. R. day.

Both Mr. Bryan and Mr. Slaton are now in California and they are being communicated with in an effort to secure their appearance at Jacksonville during chautauque week. Two dates are being held open until they are heard from.

QUESTION OF FEE FOR MR. STEVENS CAUSES SOME DISCUSSION

Conference Held at City Hall in Effort to Straighten Out Matter—Attorney Has Appeared at All Hearings of Jacksonville Rate Case for the Petitioners.

A conference was held Tuesday by the present city council, Dr. Baker, Dr. Bowe and former Commissioner William Newman, with reference to the payment of A. D. Stevens of Springfield, who has appeared as attorney before the utility commission for the petitioners in the Jacksonville rate case. Former Commissioner Knollenberg was to have attended the conference, but could not be located. It seems there is some question as to who retained Mr. Stevens, but there can be no question as to his having appeared before the commission at all of the hearings on behalf of the petitioners or as to his having rendered very competent professional services.

The purpose of the conference Tuesday was in the effort to arrive at some understanding with the present council, as Dr. Bowe has repeatedly stated that Mr. Stevens was engaged by authority of the old council, and a verbal agreement entered into that the city would pay at least a portion of the fee to be given Mr. Stevens for his services. There was no record made of such an agreement, but the statement is made and seems to be substantiated by the facts that two or more members of the former council sanctioned the employment of Mr. Stevens. Dr. Baker at the conference yesterday declared that he did not think Mr. Stevens' services were needed, and thought the best plan would have been for the city to simply file a petition for lower rates and then leave the whole matter to the commission, attorney's services and all. He said, however, that he believed Mr. Stevens had proved a most capable lawyer in handling the case. Dr. Baker also recalled, he said, that Paul P. Thompson when city attorney informed him that he had engaged Mr. Stevens to enter the case.

Probably all of the facts relating to the matter will not be known until all the members of the former city council, the former city attorney, Dr. Baker, Dr. Bowe, Mr. Stevens and the present city council get into a conference, and with all these as witnesses there should be no trouble in discovering as to just who did engage Mr. Stevens. Certainly he did not become attorney in the case spontaneously or by his own invitation, and a little refreshing of memory on the part of all the persons connected with the matter should speedily result in unravelling any mystery there may be. It is no trouble to recall the fact that when the petition for lower rates was filed by Dr. Baker and Dr. Bowe that at least a majority of the former council were in accord with the movement.

A MERRY PARTY.

During the past few days Jacksonville has witnessed the presence of some merry young ladies bent on having an innocent, good time and surely they have succeeded. Monday evening they went out to Nichols park where, chaperoned by Dr. and Mrs. Griswold they rowed till they made blisters on their hands. Of course they had fine refreshments and all fully enjoyed them. They have also been enjoying a house party at the home of Miss Rachel Hall. Yesterday afternoon they took in the moving picture shows and later had refreshments at Peacock Inn. The out of town guests were Miss Elizabeth Miller of Decatur, Miss Maria Bowen of Quincy, Misses Mary and Harriet Hall of Waverly. The young ladies of the city were Misses Rachel Hall, Lucy Coover, Sarah Morton, Catharine Parker, Frances Catherine Griswold, Loretta Piepenbring. Miss Miller expected to return to Decatur last evening and Miss Bowen to Quincy today.
